Shipping notes:

1. Anything over two pounds ships via UPS and anything less than two pounds ships via USPS
2. Shipping cost varies for each destination nationwide
3. Certain locations are classed as "extended rural" and have a greater cost than a regular rural location

To quote UPS shipping, complete the following procedure:

1. Go to www.ups.com
2. Go to the shipping tab and move your cursor down to the link "Calculate Time and Cost"
3. Choose the tab for package
 - a. The quote time you want is "Quick Time and Cost (Package)"
 - b. Ship from "Cayuga 58013"
 - c. Ship to your location
 - i. For destination type, have UPS determine your destination type as per their records
 - d. Press "Next" and you will attain your quote

IMPORTANT: TOPCON x20 and DICKEY-john monitors require a PAL camera. Please input the letters "PAL" after your camera PN if required.
